- #317. Renuzit adjustable air freshener  
Received not analyzed
- #319A. Two pieces of clear plastic with two strips of duct tape and a zip tie (plastic—  
Received not analyzed)
- #319I. Black garbage bags taped together with grey nylon tape and clear plastic

**EXAMINATION REQUESTED:**

Latent Prints

**RESULTS / INTERPRETATIONS:**

The submitted items were processed with latent prints of value for comparison developed.

Four latent prints were compared to a fingerprint record bearing the name Wade Eugene Bradford, DOB [REDACTED], SID [REDACTED], obtained from DPS files. A latent print from Item 310, package of Shock Quick, and a latent from Item 314(F), U-Haul mattress bag package, were identified as having been made by Bradford. A latent print from Item 319I, clear plastic, was excluded as having been made by Bradford. The comparison of a latent from Item 314(F), U-Haul mattress bag package, was inconclusive due to insufficient detail in the latent and the exemplar. Additional latent prints were not compared due to insufficient detail for identification. However, they may be of value for exclusion, if comparisons are necessary. Additional latent prints were not compared due to insufficient detail .
